

Automated **ASK ABD:**

What's the big deal about importing resumes into staffing software?

Time and money. Imagine quickly and easily pulling resumes from popular career sites and importing candidates & resumes into your system in moments.

No more searching for resumes in your inbox. Simply process all of them with one click. Brand and brand them with your company logo, all in one step.

Resumes are immediately ready to be searched on with your software's search engine. Also, searchable candidate records are automatically created complete with job history and education information.

Eliminate unnecessary paper copies and get your office greener and save money on paper.

Use electronic copies for bulk emails to market candidates or increase your efficiency by emailing copies instantly to interested clients. Facilitate the sales cycle.
